Chairperson Susan McGee-Stehsel requested the answers to the following questions be addressed in these minutes as a summary. The answers were provided by Tanya Bratton, Deputy Director, Administrative Services, and Natalie Kessee, Contract Manager on 6/14/11.

**1. *What are the county RFP criteria?***

**Excerpt from County Purchasing Manual – Section 11 Development of RFP**

All requests for proposals shall contain at least the following elements:

- Timeline outlining the solicitation, review, and award process
- Requirements statement/statement of work
- Responsibility criteria
- Information regarding submission of RFP responses, including the submission deadline. Format and recycling requirements – see County Policy 11-10 (Appendix).
- Evaluation criteria upon which the proposal will be evaluated (included weighted criteria)
- Information regarding presentations to be made by each proposer (if applicable)
- Terms and conditions to which the awarded vendor must agree, including insurance requirements (coordinate with Risk Management as well as County Counsel). See County Policy 11-07 (Appendix).
- Appeals process
- The County's right to reject any or all bids and waive any irregularities or informalities therein

**2. *How can CBO's become successfully involved?***

**These responses are based from the perspective of the Contract Unit once the RFP has been released.**

- Proposers should check on a regular basis the County of San Bernardino Purchasing website for service opportunities.
- Send persons to the proposer conference that will ultimately write the proposal or have decision making authority regarding the document to ensure the correct or appropriate questions are asked for complete understanding of the services being requested.
- Ask the contract analyst (up until the deadline) anything that requires clarification – we'll get the answer to you.
- Submit COMPLETE applications or proposals – ON TIME; including financial records and ALL requested BUDGETS.
- Answer ALL questions fully don't assume the reader (evaluator) knows you or your organization or your program. Let the reader know why your program best serves the needs of the community as the solicitation so dictates or requests. In truth "toot" your own horn; but offer services the program is requesting – stay on track!
- If not successful- at the conclusion of the process - request copies of your evaluation sheet to see what the evaluator comments were and/or successful proposals to see what/how other proposers prepared their programs.

**3. *Can DBH use local newspapers to post RFP's?***

No – It would be cost prohibitive to post an entire RFP in a local newspaper. However, ads are placed in local newspapers identifying the release of RFPs and directs potential proposers to the County of San Bernardino Purchasing website"

**4. *When will a community RFP presentation be held?***

Natalie Kessee, DBH Contract Manager will provide a special presentation of the county RFP process on Thursday, 11/3/11, during the Behavioral Health Commission meeting.
